Goal 6. Ensure availability and sustainable management of water and sanitation for all						Home
Target	Indicator	Proxy Indicators (State Specific Sub Indicators) contributing to Main Indicator	Nodal Department & Scheme	Source & Method of Data Collection	Reference Period	Measurement Unit
6.1 By 2030, achieve universal and equitable access to safe and affordable drinking water for all	6.1.1 Percentage of population having safe and adequate drinking water within their premises.	a) Prop. of urban habitations fully covered with drinking water supply	Water & Sanitation Department	Surveys by Ashas, School teachers, Aganwari workers	Half yearly	H.H, revenue Village
		b) Prop. of rural habitations fully covered with drinking water supply	Water & Sanitation Department	Administrative Data	Quarterly	%
	6.1.2 Percentage of population using an improved drinking water source(Rural)	a) Training regarding water quality and scheme maintenance & source sustainability	Water & Sanitation Department	Surveys by Ashas, School teachers, Aganwari workers	Yearly	HH level
	6.1.2.a: Percentage of ground water withdrawal against availability					
	6.1.3 No. of villages having source depletion problem in a year due to various reasons	a) No. of private connections in each village	Water & Sanitation Department	Surveys by Ashas, School teachers, Aganwari workers	Yearly	HH level
	6.1.3 No. of schemes where regular chlorination and treatment not been done	a) Slip back of fully covered habitation - every year	Water & Sanitation Department	field survey	Yearly	HH level
6.2 By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situations	6.2.1.a Proportion of households having access to toilet facility - Urban	a) Percentage of households covered by Individual Household Laterines	Water & Sanitation Department	field survey	yearly	HH level
		b) Percentage of households covered by Community toilets	Water & Sanitation Department	field survey	yearly	HH level
		c) No. of households having enough water for toilet use.	Water & Sanitation Department	field survey	yearly	HH level
	6.2.1.b Proportion of households having access to toilet facility- Rural	a) Percentage of households covered by Individual Household Laterines	Water & Sanitation Department	field survey	yearly	HH level
		b) Percentage of households covered by Community toilets	Water & Sanitation Department	field survey	yearly	HH level
		c) No. of households having enough water for toilet use.	Water & Sanitation Department	field survey	yearly	HH level
	6.2.2 Percentage of Districts achieving Open Defecation Free (ODF) target.	a) No of Wards declared ODF in Rural Areas	Water & Sanitation Department	village panchayat/ Local bodies	monthly	revenue village
		b) Number of wards declared ODF in Urban areas	Water & Sanitation Department	Administrative Records	Quarterly	Number
		c) Percentage of Households covered by IHHL (Rural)	Water & Sanitation Department	Administrative Records	Quarterly	%
		d) Percentage of Households covered by IHHL (Urban)	Water & Sanitation Department	Administrative Records	Quarterly	%
		e) Percentage of Workforce in Manual Scavenging	Water & Sanitation Department	Administrative Records	Quarterly	%
	6.2.3 Proportion of schools with separate toilet facility for girls	a) No. of schemes Agwanwaris having adequate water facility for use of toilet	Water & Sanitation Department	Students/teachers / parents	monthly	schools/aganwaris
		b) Percentage of women and girls using sanitary napkins	Health, ICDS	ASna, ANM, aganwari workers	permonth	schools/ revenue villages/ local bodies

6.3 By 2030, improve water quality by reducing pollution, eliminating dumping and minimizing release of hazardous chemicals and materials, halving the proportion of untreated wastewater and substantially increasing recycling and safe reuse globally	6.3.1 Percentage of sewage treated before discharge into surface water bodies	a) Urban Local Bodies with partial sewerage treatment	Urban Development	Administrative Records	Quarterly	%
		b) Percentage of Households covered with sewer lines in Urban Areas	Urban Development	Administrative Records	Quarterly	%
	6.3.2 Percentage of industries(17 category of highly polluting industries/grossly polluting industry/red category of industries) complying with waste water treatment as per CPCB norms.	a) Municipal Solid Waste Processing (total) under SBM	Water & Sanitation Department	Local Bodies / Survey		Per year
		6.3.3 Proportion of waste water treatment Capacity created vis-a-vis total generation	Water & Sanitation Department	Village level survey	half yearly	per village
	6.3.4 Solid Waste treatment	a) No of wards with 100% door to door collection and transportation of solid waste.	Urban Development			Metric Tonne per annum
		b) Amount of Hazardous waste generation	Urban Development			
c) Amount of bio-medical waste generation		Urban Development			Kg/day	
6.4 By 2030, substantially increase water-use efficiency across all sectors and ensure sustainable withdrawals and supply of freshwater to address water scarcity and substantially reduce the number of people suffering from water scarcity	6.4.1 : Percentage Ground Water withdrawal against availability	a) Analysis of natural water resources (depletion/recharging position)	Water & Sanitation Department	field survey	Yearly	each source
		b) Water stress or withdrawal against total available water	Water & Sanitation Department	Administrative	Half Yearly	
	6.4.2 : Per capita storage (m3/person)	a) Water holding capacity of sources and storage units	Water & Sanitation Department	Jal nigam, jal sansthan, swajal	Yearly	each source
	6.4.3 : Per capita availability of water (m3/person)	a) Number of people suffering from water Scarcity	Water & Sanitation Department	Administrative	Quarterly	Number

Target	Indicator	Proxy Indicators (State Specific Sub Indicators) contributing to Main Indicator	Nodal Department & Scheme	Source & Method of Data Collection	Reference Period	Measurement Unit
17.1 : Strengthen domestic resource mobilization, including through international support to developing countries, to improve domestic capacity for tax and other revenue collection						
17.2 : Developed countries to implement fully their official development assistance commitments, including the commitment by many developed countries to achieve the target of 0.7 per cent of gross national income for official development assistance (ODA/GNI) to developing countries and 0.15 to 0.20 per cent of ODA/GNI to least developed countries; ODA providers are encouraged to consider setting a target to provide at least 0.20 per cent of ODA/GNI to least developed countries						
17.3 : Mobilize additional financial resources for developing countries from multiple sources						
17.4 : Assist developing countries in attaining long-term debt sustainability through coordinated policies aimed at fostering debt financing, debt relief and debt restructuring, as appropriate, and address the external debt of highly indebted poor countries to reduce debt distress						
17.5 : Adopt and implement investment promotion regimes for least developed countries						
17.6 : Enhance North-South, South-South and triangular regional and international cooperation on and access to science, technology and innovation and enhance knowledge-sharing on mutually agreed terms, including through improved coordination among existing mechanisms, in particular at the United Nations level, and through a global technology facilitation mechanism						
17.7 : Promote the development, transfer, dissemination and diffusion of environmentally sound technologies to developing countries on favourable terms, including on concessional and preferential terms, as mutually agreed						

17.8 : Fully operationalize the technology bank and science, technology and innovation capacity-building mechanism for least developed countries by 2017 and enhance the use of enabling technology, in particular information and communications technology						
17.9 : Enhance international support for implementing effective and targeted capacity-building in developing countries to support national plans to implement all the Sustainable Development Goals, including through North-South, South-South and triangular cooperation						
17.10 : Promote a universal, rules-based, open, non discriminatory and equitable multilateral trading system under the World Trade Organization, including through the conclusion of negotiations under its Doha Development Agenda						
17.11 : Significantly increase the exports of developing countries, in particular with a view to doubling the least developed countries' share of global exports by 2020						
17.12 : Realize timely implementation of duty-free and quota-free market access on a lasting basis for all least developed countries, consistent with World Trade Organization decisions, including by ensuring that preferential rules of origin applicable to imports from least developed countries are transparent and simple, and contribute to facilitating market access						
17.13 : Enhance global macroeconomic stability, including through policy coordination and policy coherence						
17.14 : Enhance policy coherence for sustainable development						
17.15 : Respect each country's policy space and leadership to establish and implement policies for poverty eradication and sustainable development						
17.16 : Enhance the Global Partnership for Sustainable Development, complemented by multi-stakeholder partnerships that mobilize and share knowledge, expertise, technology and financial resources, to support the achievement of the Sustainable Development Goals in all countries, in particular developing countries						

17.17 : Encourage and promote effective public, public-private and civil society partnerships, building on the experience and resourcing strategies of partnerships						
17.18 : By 2020, enhance capacity-building support to developing countries, including for least developed countries and small island developing States, to increase significantly the availability of high-quality, timely and reliable data disaggregated by income, gender, age, race, ethnicity, migratory status, disability, geographic location and other characteristics relevant in national contexts						
17.19 : By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries
